

Rainfall Affects Thousands of Displaced Households in Marib Governorate

Report Date: 07/08/2022

Day: Sunday

Time: 1:00 p. m.

Introduction

Marib Governorate is located in the northeast of Yemen's capital, Sana'a. Marib Governorate currently receives about (76%) of the IDPs in Yemen.

Incident Description

Heavy rain hit Marib Governorate on Saturday 06/08/2022 and lasted for many hours covering different districts of the governorate. The rainfall led to torrential floods that washed away thousands of IDPs tents and properties. Rainfall and torrential floods washed away the shelters of (16,735) households (5287 households were completely affected and 11,448 households were partially affected). No human casualties were reported until the moment of writing this report. No intervention is reported until the moment of writing this report. The following table shows damages caused by rain fall and floods in IDPs sites.

Damages

The following table shows the number of the affected households in the four districts:

District	Sector	Households affected completely	Households affected partially	Total Completely affected	Total Partially affected
Marib City	Algafina	270	1340	3885	8252
	Algebol	178	385		
	Alsadd	370	463		
	Almatar	485	846		
	Alarsh	135	241		
	Alshamali	454	1246		
	Almugama'a	373	546		
	Gul Alabr	24	287		
	Gul Alnasim	946	1442		
	Alfao	212	463		
	Alrudha	267	678		
	Alsharkah	171	315		
Alwadi	First	86	245	1115	2558
	Second	246	426		
	Third	148	441		
	Fourth	184	376		
	Fifth	165	292		
	Sixth	84	248		
	Seventh	104	243		
	Eighth	98	287		
Ragwan		223	396	223	396
Harib		64	242	64	242
Total				5287	11448
		5287	11448	16,735	

Recommendations

The following is recommended:

1. Quick response by humanitarian partners and NGOs to provide shelter, NFIs and food items to the affected households in the affected IDPs sites.
2. Joint cooperation and coordination between local authorities and NGOs to find safe lands for IDPs sites that are away from floods.
3. Providing early warning techniques for rainfall and floods that reduce the damages.
4. Raising awareness of the danger of rainfall in summer and how to prepare for rainfall especially in summer.
5. Local authorities should do their duty in providing assistance to the affected displaced households
6. Local authorities should facilitate access of humanitarian partners.

Conclusion
