

Rainfall and Floods Devastate IDPs Sites in Alhodaydah Governorate

Report Date: 11/08/2022

Day: Friday

Time: 10:30 a.m.

Introduction

Heavy rain hit Alhodaydah Governorate during the last week and led to damage in many IDPs sites.

Incident Description

Heavy rain hit Alhodaydah Governorate on Tuesday 09/08/2022 and lasted for many hours covering different districts including Hays and Alkhukha districts in two districts (Hays and Alkhukha). The downpours which lasted for several hours have exposed hundreds to homeless and leading to widespread floods that devastated IDPs shelters, food items and NFIs in these IDPs sites. Now most households are in the open air. **An old woman died as she was washed away by floods.**

The following table shows damages caused by rain fall and floods in IDPs sites.

District	Affected HHS	Individuals	Damaged Shelter		NFIs		Food items	
	Number	Number	Completely	Partially	Completely	Partially	Completely	Partially
Alkhukha	70	421	6	64	70	0	70	0
Amadina Alsakaniah	6	37	6	0	6	0	6	0
