Executive Unit Procedures

The Executive Unit Visited the camp affected immediately after the fire to document the damage, assess the situation and identify needs.

- Inform the humanitarian partner in the camp (SHS)
- Follow up on identify the needs, issuing reports and sharing them with humanitarian partners.
- Coordinate with humanitarian partners to conduct urgent interventions.

Recommendations

The Executive Unit recommends the following

- It is necessary to Implement urgent interventions by international organizations and non-governmental organizations to provide emergency assistance to affected households.
- It is necessary to find permanent and effective mechanisms and equipments to confront fire in IDP camps and raising the IDPs awareness in coordination with the relevant government agencies to avoid fire incidents
