Consolidated Report on War-Related Forced Displacement

Governorates of Al Hudaydah, Taiz, Lahj, Aden, Abyan, Shabwah
Hadhramaut, Al Mahrah, Marib and Al Dhala'e

28 September 2026

Displacement Trends, Humanitarian Situation, Response and Urgent Needs

Report Issuance Date: 29 September 2026

Consolidated Report on War-Related Forced Displacement
and Urgent Humanitarian Needs

Executive Summary

This unified report consolidates displacement information from ten governorate-level reports issued by the Executive Unit for IDP Camp Management in the governorates of Al Hudaydah, Taiz, Lahj, Aden, Abyan, Shabwah, Hadhramaut, Al Mahrah, Marib, and Al Dhala'e. The reports received from the governorates document the continuation of conflict-related displacement associated with conflict, military escalation, shelling, clashes, and deteriorating security conditions for civilians, according to the latest updates available through 28 September 2026, except for Al Hudaydah Governorate, for which the available data remain current only through 08 September 2026.

The following table presents the overall distribution of displaced households and displaced persons based on the information and updates received from the ten governorates covered by the report. According to these data, the total number of registered displaced households reached 29,519 households, comprising 197,906 individuals. Taiz Governorate recorded the highest number of displaced households, with 13,925 households, followed by Lahj Governorate with 7,179 households, Aden Governorate with 3,741 households, and Abyan Governorate with 2,097 households. Marib recorded 412 households, Hadhramaut 214 households, Al Mahrah 124 households, Al Dhala'e 240 households, and Shabwah 116 households, while Al Hudaydah Governorate recorded 1,471 displaced households according to the latest available update as of 08 September 2026.

These figures reflect the increasing scale of humanitarian needs among displaced populations, particularly in the areas of shelter, food, water, sanitation and hygiene, healthcare, protection, non-food items, and cash assistance. They also underscore the continued need to strengthen coordination among humanitarian actors and local authorities and to expand the scope of the response to reach displaced households and meet their basic needs in an urgent and regular manner.

Accordingly, the Executive Unit urgently appeals to local authorities, United Nations agencies, humanitarian clusters, national and international humanitarian organizations, donors, and implementing partners to mobilize immediate resources and operational capacity. Where clear and pressing humanitarian needs exist, urgent assistance should not be delayed pending the completion of detailed assessments; rather, sectoral assessments should be conducted in parallel with life-saving response.

Main Consolidated Figures as of 28 September 2026

Governorate	Reporting Date / Period	Number of Displaced Families	Number of Displaced Persons	Main Hosting Areas
Al Hudaydah	Up to 08 September 2026	1,471	10,297	Hays; Al Khawkhah
Taiz	Up to 28 September 2026	13,925	97,529	15 host districts

Governorate	Reporting Date / Period	Number of Displaced Families	Number of Displaced Persons	Main Hosting Areas
Lahj	Up to 28 September 2026	7,179	50,253	9 host districts
Aden	Up to 28 September 2026	3,741	17,782	Dar Saad; Al Mansoura; Al Buraiah; Sheikh Othman; Khor Maksar; Al Malla; Al-Twahi; Crater
Abyan	Up to 28 September 2026	2,097	14,679	Khanfir; Zinjibar
Shabwah	Up to 28 September 2026	116	812	Ain; Mayfa'ah; Bayhan
Hadhramaut	Up to 28 September 2026	214	1,498	Al Mukalla; Ar Raydah wa Qusay'ar
Al Mahrah	Up to 28 September 2026	124	799	Al Ghaydah; Shahan
Marib	Up to 28 September 2026	412	2,884	Marib City; Marib Al Wadi; Harib
Al Dhala'e	Up to 28 September 2026	240	1,373	Qatabah District (scattered sites)
Total		29,519	197,906	Across ten governorates

1. Introduction: War-Related Forced Displacement

Taken together, the ten source reports show a continuing pattern of conflict-related forced displacement and military escalation. Families have been compelled to leave their areas of origin in search of safer and more stable locations. The

reports identify military escalation, shelling, clashes, deteriorating security conditions, and growing threats to the lives and safety of civilians as the main drivers of displacement.

For many families, displacement involves the sudden abandonment or loss of homes, property, livelihoods, livestock, sources of income, and basic necessities. This has increased household vulnerability and reduced families' ability to meet their basic needs without humanitarian assistance.

The humanitarian impacts extend beyond shelter alone; displaced families may arrive without food, safe water, sanitation services, health services, protection support, non-food items, or cash resources. The Executive Unit considers rapid, coordinated, needs-based humanitarian intervention essential to protect lives and dignity, reduce protection risks, prevent further deterioration in family conditions, and ease pressure on host communities.

2. Scope and Geographic Coverage

This report covers the governorates of Al Hudaydah, Taiz, Lahj, Aden, Abyan, Shabwah, Hadhramaut, Al Mahrah, Marib and Al Dhala'e, and consolidates displacement figures, host districts, humanitarian conditions, actions taken by the Executive Unit, urgent needs and priorities, and humanitarian appeals set out in the governorate-level reports. The geographic scope encompasses both direct displacement to host districts and displacement movements within the governorates.

2.1 Governorate-Level Overview

Governorate	Registered Number of Displaced Families	Number of Displaced Persons	Situation Summary
Al Hudaydah	1,471	10,297	The displaced persons who had been staying in Hays and Al Khawkhah have moved on to Aden; the Executive Unit continues to follow up on their situation.
Taiz	13,925	97,529	Largest number of recorded cases; distributed across 15 host districts. The Executive Unit is following up on displaced persons in the affected districts and at any locations to which they moved after the recent events.
Lahj	7,179	50,253	Arrival of newly displaced persons from conflict-affected areas, particularly Taiz and Al Hudaydah, registered across nine host districts.
Aden	3,741	17,782	Displacement to eight districts: Dar Saad, Al Mansoura, Al Buraqah, Sheikh Othman, Khor Maksar, Al Malla, Al-Twahi and Crater.
Abyan	2,097	14,679	In IDP camps in Khanfir and Zinjibar districts.
Shabwah	116	812	In camps in Ain District, Mayfa'ah District, Bayhan and Asilan.

Governorate	Registered Number of Displaced Families	Number of Displaced Persons	Situation Summary
Hadhramaut	214	1,498	In the districts of Al Mukalla and Ar Raydah wa Qusay'ar.
Al Mahrah	124	799	In the districts of Al Ghaydah and Shahan.
Marib	412	2,884	Displacement recorded in three host districts: Marib City, Marib Al Wadi and Harib.
Al Dhala'e	240	1,373	Displacement recorded in Qatabah District, distributed across scattered sites and gatherings.

Displaced Persons by Governorate and District .3

3.1 Al Hudaydah Governorate

As of 08 September 2026, the Al Hudaydah report records 1,471 displaced families, estimated at 10,297 individuals: 1,039 families in Hays District and 432 families in Al Khawkhah District.

Host District	Number of Displaced Families	Number of Displaced Persons
Hays	1,039	7,273
Al Khawkhah	432	3,024
Total	1,471	10,297

In light of recent events, the displaced persons who had been staying in Hays and Al Khawkhah have moved on to Aden Governorate. The Executive Unit for IDP Camp Management continues to follow up on the situation of these families in order to monitor their new displacement routes, identify the areas to which they have moved, and ascertain their emerging humanitarian needs in preparation for coordinating an appropriate response.

3.2 Taiz Governorate

The Taiz report records 13,925 displaced families, estimated at 97,529 individuals, distributed across 15 host districts according to the latest displacement registration updates as of 28 September 2026. The report confirms that displacement is ongoing and that the figures are not final; the Executive Unit is continuing to track displaced persons in the affected districts and wherever they have relocated following the recent events. The table below presents the consolidated data on the host areas.

Host Governorate (Taiz)		
Host District	Number of Displaced Families	Number of Displaced Persons
Ash Shamayatayn	2,533	17,736
Al Muzaffar	1,375	9,651
Al Ma'afer	4,390	30,746
Jabal Habashi	2,173	15,213
Al Misrakh	1,098	7,687
Al Qahirah	269	1,881
Salh	40	282
Al Mawasit	211	1,481
As Silw	2	14
Al Mawadim	99	693
Al Mokha	446	3,122
Al Wazi'iyah	668	4,676
'Mawza	357	2,499
Maqbanah	230	1,610
Dhubab	34	238
Total	13,925	97,529

3.3 Aden Governorate

This update is based on the updated detailed Aden listing (household-level records of the Executive Unit), and records Aden Governorate as hosting 3,741 displaced families, estimated at 17,782 individuals, distributed across the governorate's eight districts (Al Buraiqah, Dar Saad, Sheikh Othman, Al Mansurah, Khor Maksar, Crater, Al Malla, and Al-Tawahi). The table below presents the consolidated data on the host areas.

Host Governorate (Aden)		
Host District	Number of Displaced Families	Number of Displaced Persons
Al Buraiqah	1,697	8,056
Dar Saad	1,027	4,977
Sheikh Othman	476	2,357
Al Mansurah	312	1,393
Crater	106	430
Khor Maksar	80	401
Al Malla	35	134
Al-Tawahi	8	34
Total	3,741	17,782

In Aden Governorate, our field team faces challenges and constraints that hinder its access to displaced families, as well as its ability to monitor their conditions and coordinate the response.

3.4 Abyan Governorate

As of 28 September 2026, the Abyan Governorate update records 2,097 displaced families, estimated at 14,679 individuals, distributed across the two host districts of Khanfir and Zinjibar, according to field monitoring received from the governorate. The table below presents the consolidated data on the host areas.

Host Governorate (Abyan)		
Host District	Number of Displaced Families	Number of Displaced Persons
Khanfir	1,573	11,011
Zinjibar	524	3,668
Total	2,097	14,679

3.5 Lahj Governorate

As of 28 September 2026, the Lahj update records the arrival of 7,179 newly displaced families, comprising 50,253 individuals, in several areas and districts. The household-level arrivals recorded include families coming from Taiz and Al Hudaydah, and the consolidated arrivals cover nine host districts.

Host Governorate (Lahj)		
Host District	Number of Displaced Families	Number of Displaced Persons
Al-Musaymir	267	1,869
Tuban	2,119	14,833
Al-Mudharabah and Ras Al-Arah	4,361	30,527
Al-Hawtah	87	609
Tur Al-Bahah	77	539
Al-Habilayn	39	273
Al-Hadd	204	1,428
Al-Maqatirah	19	133
Halimayn	6	42
Total	7,179	50,253

3.6 Shabwah Governorate

As of 28 September 2026, the Shabwah Governorate update records 116 displaced families, estimated at 812 individuals, distributed in camps in Ain, Mayfa'ah, Bayhan, Ataq and Asilan districts. This report illustrates the scale of the hardship faced by displaced persons.

Host Governorate (Shabwah)		
District	Number of Households	Number of Individuals
Bayhan	43	301
Ataq	34	238
Ain	27	189
Asilan	11	77
Mayfa'ah	1	7
Total	116	812

3.7 Hadhramaut Governorate

As of 28 September 2026, the Hadhramaut Governorate update records 214 displaced families, estimated at 1,498 individuals, distributed across the districts of Al Mukalla, Ash Shihr and Ar Raydah wa Qusay'ar. The table below presents the consolidated data on the host areas.

Host Governorate (Hadhramaut)		
Host District	Number of Displaced Families	Number of Displaced Persons
Al Mukalla	176	1,232
Ar Raydah wa Qusay'ar	36	252
Ghayl Ba Wazir	2	14
Total	214	1,498

3.8 Al Mahrah Governorate

As of 28 September 2026, the Al Mahrah Governorate update records 124 displaced families, estimated at 799 individuals, distributed in the camps of Al Ghaydah and Shahan districts, and presents the consolidated data on the host areas below.

Host Governorate (Al Mahrah)		
Host District	Number of Displaced Families	Number of Displaced Persons
Al Ghaydah	116	743
Shahan	8	56
Total	124	799

3.9 Marib Governorate

As of 28 September 2026, the Marib Governorate update records 412 displaced families, estimated at 2,884 individuals, distributed across three host districts: Marib City, Marib Al Wadi and Harib, according to the detailed field monitoring received from the governorate. The table below presents the consolidated data on the host areas.

Host Governorate (Marib)		
Host District	Number of Displaced Families	Number of Displaced Persons
Marib City	280	1,960

Marib Al Wadi	105	735
Harib	27	189
Total	412	2,884

3.10 Al Dhala'e Governorate

As of 28 September 2026, the Al Dhala'e Governorate update records 240 displaced families, estimated at 1,373 individuals, in Qatabah District. The families are distributed across scattered sites and gatherings within the district, according to the field displacement-tracking report. The table below presents the consolidated data on the host areas.

Host Governorate (Al Dhala'e)		
Host District	Number of Displaced Families	Number of Displaced Persons
Qatabah	84	588
Al Husayn	3	21
Al Dhala'e	50	350
Al Azariq	103	414
Total	240	1,373

4. Humanitarian Situation of Displaced Families

The ten reports consistently describe displacement as occurring in difficult and often sudden circumstances. Families have left their homes and areas of origin because of insecurity and military developments, often without sufficient time to secure shelter, food, income, property, or other necessities. The resulting needs are multisectoral and require rapid, coordinated intervention.

4.1 Shelter and Accommodation

Shelter represents a critical gap across all reporting areas. In Aden, most registered families are staying with other host families. The report identifies shelter, food, and non-food items as priorities because of the burden placed on host families.

4.2 Food and Basic Needs

All reports indicate that food and shelter are urgent needs, while food items and basic supplies are classified as priority needs for displaced families.

4.3 Water, Sanitation and Hygiene

Safe drinking water, sanitation, hygiene supplies, emergency latrines, and waste management are identified as urgent needs, particularly in newly established displacement sites and gatherings.

4.4 Health and Protection

Displaced families face limited access to health and protection services. Priority attention is required for children, women, older persons, persons with disabilities, families affected by chronic illnesses, and other highly vulnerable households. The reports received from the governorates call for health and protection assessments, referrals, and the provision of medicines, first aid, and essential services.

4.5 Livelihoods and Economic Vulnerability

The loss of or damage to income sources, property, livestock, and other livelihood assets has increased the economic vulnerability of displaced families. Many families therefore require immediate life-saving assistance, in addition to support that can reduce the negative economic effects of displacement and dependence on host communities that are already under pressure.

5. Actions Taken by the Executive Unit

Establishment of an operations room at the governorate branch and field teams at district level to monitor displacement developments.

Reception of newly displaced persons and registration of families through field visits to arrival areas and displacement gatherings.

Conducting an initial verification of the number and locations of families and collecting information on displacement conditions and initial needs.

Monitoring and assessing initial needs, continuously updating displacement data, and preparing and submitting lists of displaced persons.

Submitting reports to the Executive Unit leadership, local authorities, relevant entities, and humanitarian partners to expedite verification, referral, and response.

Monitoring the response status and cases not covered, tracking interventions, and updating remaining gaps to improve targeting and reduce duplication.

Continuing field monitoring and reporting and following up on the situation of displaced persons and the areas to which they moved after the recent events in some districts of Taiz and Al Hudaydah.

In addition, the Executive Unit established a response monitoring team at the head office to follow up on displacement developments in the affected governorates and issued reports to United Nations clusters and local and international organizations.

6. Proposed Priorities and Urgent Actions

The immediate objective should be to prevent newly displaced families from remaining without the minimum life-saving assistance, while maintaining accurate registration, verification, and coordination. Where clear humanitarian needs exist, urgent response and sectoral assessment should proceed in parallel rather than sequentially.

1. Prioritize all displaced families that have not yet received humanitarian assistance, with immediate attention to the most recently displaced and most vulnerable families.
2. Provide emergency shelter and accommodation materials, prioritizing families without independent housing and families currently relying on host families.
3. Expand food assistance and urgent cash assistance for families that are not receiving food or income support.
4. Provide safe drinking water, emergency latrines, hygiene supplies, sanitation services, and waste management at reception sites and displacement gatherings.
5. Activate or expand support through the rapid response mechanism for eligible newly displaced families, and match beneficiary lists to prevent duplication.
6. Expedite the disbursement of approved cash-for-shelter and cash-for-NFI assistance for the 39 families in Al Khawkhah that were previously approved, following verification of the lists.
7. Conduct rapid multisectoral assessments while providing urgent assistance simultaneously, particularly in newly established reception areas.
8. Mobilize health partners to provide essential health services, medicines, first aid, and referrals.
9. Mobilize protection partners to identify and refer cases involving children, women, older persons, persons with disabilities, persons with chronic illnesses, and other groups at heightened risk.
10. Support non-food items and essential household necessities and, where possible, livelihood-related needs of families that have lost income and productive assets.
11. Strengthen daily/weekly tracking of displacement and response, clearly distinguishing between planned and implemented interventions and recording unique household numbers after deduplication.
12. Strengthen preparedness for possible additional waves of displacement from conflict-affected areas.

7. Recommendations and Humanitarian Appeal to Local and International Organizations

The Executive Unit for IDP Camp Management respectfully and urgently appeals to local authorities, United Nations agencies, humanitarian clusters, national and international humanitarian organizations, donors, and implementing partners to mobilize immediate resources and operational capacity for the displaced families documented in this report. The current displacement movement places newly displaced families in situations of severe vulnerability. Families have been forced to leave their homes and livelihoods because of conflict and military escalation, and in several locations they have arrived without shelter, food, sufficient water, or access to basic services. Delayed assistance will increase exposure to protection risks and deepen humanitarian vulnerability.

1. Treat documented displacement cases as an urgent humanitarian response priority and activate available emergency mechanisms without unnecessary delay.
2. Ensure that families for whom no assistance has been recorded are identified, verified, and immediately referred to the appropriate sector or response partner.
3. Mobilize resources for emergency shelter, food, water, sanitation, health, protection, cash assistance, non-food items, and other essential household needs.
4. Support rapid-response and emergency interventions while conducting specialized sectoral assessments in parallel.
5. Strengthen coordination among Executive Unit offices in the governorates covered by the report and humanitarian partners to track primary and secondary displacement routes and prevent duplication or exclusion.
6. Provide adequate funding and operational support to expand response coverage and address remaining gaps.
7. Prioritize children, women, older persons, persons with disabilities, families with chronic illnesses, and other households facing increased protection or humanitarian risks.
8. Ensure that no newly displaced family remains without minimum humanitarian assistance because of delayed assessment, funding shortages, or coordination constraints.
9. Maintain continuous data updates and transparent reporting to enable humanitarian partners to direct assistance to families and locations with the greatest unmet needs.

8. Conclusion

The ten governorate reports document the continuation of an urgent displacement situation linked to conflict, military escalation, shelling, and deteriorating civilian safety. A total of 29,617 displaced families have been recorded across the

ten governorates covered by the report, comprising 198,592 individuals as of 28 September 2026, while Al Hudaydah Governorate data remain at the latest available update as of 08 September 2026.

There are immediate and multisectoral humanitarian needs. Shelter, food, safe water, sanitation and hygiene, health, protection, non-food items, cash assistance, and other forms of essential support are required. The reports submitted by the ten governorates also demonstrate the importance of rapid response for families that have not yet received assistance.

The Executive Unit has continued registration, field monitoring, verification, needs assessment, data updating, coordination, and referral. However, the scale and urgency of the needs require effective intervention and resource mobilization by humanitarian organizations, clusters, donors, and implementing partners. Accordingly, the Executive Unit calls for sustained and coordinated humanitarian action to address the documented needs of displaced families.
